Life in Hong Kong
The HKU Business School provides a dynamic and conducive environment for learning, teaching and research. Advanced facilities are provided on the three campuses located in the HKU Main Campus, Cyberport and Admiralty Town Centre.

**Town Centre**
Located at the heart of the city, Admiralty Town Centre brings the resources of the School to one of the financial districts in Hong Kong. Apart from featuring cutting-edge facilities such as executive classrooms, meeting rooms and comfortable lounges. This downtown campus is a convenient location for hosting events and seminars, and connecting students, alumni and partners from all over the world.

**Cyberport Campus**
Located at the flagship of Hong Kong’s digital industry - Cyberport. The School’s facilities at Cyberport include state-of-the-art classrooms, group meeting rooms and social areas for postgraduate students and learning partners from corporates that collaborate with the School. This is a place where university and business communities can come together and inspire innovations.

**HKU Main Campus**
The Headquarters of the HKU Business School is located at K.K. Leung Building in the HKU Main Campus. In addition to facilities such as lecture theatres, classrooms, computer laboratories and other areas for academic activities, the campus is also home to many research centres and institutes under the School. The Main Campus also features other learning facilities, resources and services needed in university life.

**HKU Beijing Centre**
Located in Asia Financial Centre where Asian Infrastructure Investment Bank is headquartered, HKU Beijing Centre mainly serves as a teaching venue for HKU Business School and provides ample space and state-of-the-art facilities for faculty to develop academic programmes, promote alumni entrepreneurial start-ups, and organise alumni events.

**HKU-Tel Aviv Innovation Hub**
The HKU-Tel Aviv Innovation Hub combines the academic excellence of HKU and the innovative, entrepreneurial energy of Israel. The Hub will foster deep engagements between the academic, business and technology communities of Israel, Hong Kong and the Greater Bay Area, promoting cross-border collaborations and partnerships.

**Shenzhen Campus**
Located at the heart of Fusi District in Shenzhen, the Shenzhen Campus is the School’s latest development to promote knowledge exchange, technology transfer and talent collaboration in the Greater Bay Area and Mainland China.

**The Representative Office of The University of Hong Kong in Vietnam**
HKU in Vietnam signifies the importance of Vietnam as a growing economy, her youth, talent and key location. We strengthen connections with Vietnam by providing market-oriented research, superior learning experience, and instrumental resources.

**HKU iCube**
HKU iCube is in the prestigious Two Exchange Square featuring a magnificent harbour view. It serves as a place to facilitate knowledge exchange for HKU iCube associates, as well as a bridge to connect business leaders in and outside the school.

Master of Accounting
Master of Accounting Overview

More than a Professional Accountant

The Master of Accounting programme at HKU Business School offers three streams: Accounting Analytics and Big Data, Financial Reporting and Valuation, and Strategic Management and Corporate Governance. These programmes provide students with the option to choose according to their interests and career aspirations. They may also consider double concentrating if there are any two they are particularly passionate about. Our comprehensive curriculum is accredited by ACCA, CPA Australia, CIMA, and HKICPA, and students on this programme benefit from our professional partnership with ACCA and KPMG. The programme explores theories on the importance of accounting roles in executive decisions, preparing you to be professional accountants, financial experts, and future business leaders.

Programme Structure

01. A comprehensive postgraduate curriculum encompassing accounting, finance, management, and business analytics

02. Theories that elucidate the important roles of accounting in economic decisions

03. Professional training in business leadership, strategic management reporting, and advanced financial and performance management benefiting from the partnership with ACCA and KPMG

04. Accounting data analytics that convert information into executable actions

05. A capstone course to tie the various elements of the study together through real-world business projects

Q&A Programme Director

1. What is the most important element of learning for an accounting professional nowadays?
   It depends on the interests of the student. We cover several in-depth areas. In particular, our programme values leadership and analytic skills, as well as critical thinking. We would like students to become the future leaders of the profession.

2. What type of student is suitable to study the Master of Accounting Programme?
   Anyone who is interested in the accounting profession. We look for qualified students with intellect, a good command of English, a career vision in accounting, and finance, and the confidence and dedication to achieve excellence.

3. I already have a bachelor degree or background in accounting. Is it beneficial for me to study the Master of Accounting Programme?
   Another purpose of the programme is to establish cutting-edge knowledge at an advanced level. Elective courses cover numerous accounting fields that bring you up to the graduate level. Accounting students will have course waivers and exemptions that allow them to loop to the advanced level. They may also take electives from other postgraduate programmes to enrich their knowledge.

4. I do not come from a business or commerce background. Can I study the Master of Accounting Programme?
   The programme covers elements of basic accounting knowledge, making it suitable for non-business major students. The curriculum will be challenging for them, but well manageable given the guidance we give them.

5. Does the programme allow me to get practical insights from the industry?
   Our curriculum design is based on the most recent developments in the industry. There are also guest speakers and industry and career talks that bring about the latest developments. The curriculum has been updated over time to keep up with the latest global standards.
# Scholarship

## Entrance Scholarship

We offer scholarships to qualified students who may receive a scholarship ranging from 10% to 50% in most cases, on the basis of student’s academic merit at the time of foundation. A full tuition-fee waiver may be offered to outstanding cases. All eligible candidates are automatically considered; no separate application is required.

## Merit-Based Scholarship

We offer merit-based scholarships to qualified students, who shall receive a scholarship of 10% on the basis of student’s performance, including but not limited to, academic performance of the first three modules, participation in the extra-curricular activities, recommendation from course instructors, and level of support provided to the programme office. All eligible candidates are automatically considered; no separate application is required.

## Fargo Wealth Excellence Scholarship

Up to 14 scholarships shall be awarded, starting from the academic year 2022-2023, to Year One students available in all masters programmes offered by the HKU Business School on the basis of academic performance in the respective programmes and their contributions to the community of masters programmes. The Scholarship shall be of the value of HK$10,000 each.

- Are holding relevant professional qualifications which were obtained before admission to the programme.

No credit will be given for the exempted course and you will be required to take an approved alternative elective course of the same credit value.

---

## How does Double Concentration Work?

Requires 14 courses to be taken to complete. Additional course fee of HK$30,000 required per course.

## Boot Camp

**Purpose:** To ensure that everyone has the foundational knowledge and skills required to fulfill the requirements for professional accounting accreditations

- **Duration:** ~2 weeks
- **Mode:** Interactive lectures
- **Assessment:** Pass 2 Subjects*

A preparatory course on fundamental financial accounting concepts will also be provided to brush up students’ accounting skills.

*Exam required at the end of each subject. Students are required to attend all classes, prepare and pass both boot camp subjects.
An Li (Alumni)
Associate, M&A Deals, PwC Shanghai (Class of 2023)

I appreciate the hard work of the professors. All of them provided deep insights and sharpened our skills in accounting. Apart from that, some courses in the programme use unique teaching methods, which I think is impressive since it requires active participation from the students. Overall, although I am from accounting background, I think the learning experience is wonderful and I believe it is worthwhile joining the programme. The programme is quite challenging because of its tight schedule. That being said, I do not think you have to give up all your leisure time in order to have a good grade. Instead, conquer the difficulties, I think it is quite important to be organized and try to learn things efficiently. Work hard and play hard. In this way, you can find a study-life balance.

Chloe Li
Master of Accounting (Class 2023)

I really appreciate all of the professors in the programme. They are the experts in both academic and industrial areas. No matter what type of questions you have, like how to choose your future career path, or how can you apply certain academic theories in reality; they are always willing and being patient to provide you with some professional insights. Besides, I also want to mention that HKU is a very excellent platform for studying; it provides many opportunities to learn more knowledge and practical skills, which are not only related to the field of accounting, it harnesses at helping students to discover more future potential.

Effective communication of relevant financial information to important stakeholders such as investors and creditors is a key driver for corporate success. We will develop students with such crucial ability and prepare them to play a strategic role in organisations with their knowledge in financial reporting.
